PROCLAIMED TO THE WORLD

TREATY OF PEACE SIGNED TUESDAY

Terms of the Fifteen Articles which Compose the Agreement as Finally Adopted—A Liberal Document.

Portsmouth, N. H., Sept. 5.—The treaty of peace between Russia and Japan was signed at 3:47 p. m. to day. On the instant of the consummation of the great historical act a salute was fired at the United States navy yard on Kittery point. Witte, accompanied by de Rosen and Mr. Platonoff left the hotel for the navy yard at 2:30. Komura, Takahira and Mr. Denison, legal adviser of the Japanese, left at 2:45 for the navy yard. They were greeted by the guests of the hotel gathered in the veranda to witness their departure. Komura had been preceded by Sato and Japanese secretaries, taking their copies of the treaty in a large black leather portfolio. Both the Russian and Japanese missions on their arrival at the navy yard were received at the entrance of the building by Admiral Mead, while two companies of marines, commanded by Major Moses, rendered military honors.

Copies of the peace treaty brought to the navy yard had been carefully compared by the secretaries of the two missions in order to avoid the necessity of reading them before signing, at which persons extraneous to the negotiations assisted. When the secretaries had assigned the perfect exactness of the two copies of the treaty the plenipotentiaries and other members of the two missions entered the conference hall, accompanied by Assistant Admirals Peirce, Governor McLane, Admiral Mead and the mayor of Portsmouth.

Witte, chief of the Russian plenipotentiaries, was the first to sign his name to the treaty. After the ceremonies of signing the treaty, Rosen delivered a short speech, pointing out the importance of the event and influence it will have in relations between the two countries. He ended by expressing satisfaction he felt at the good relations which have characterized the work of the plenipotentiaries.

Komura replied, paraphrasing Rosen's speech and expressing his thanks for the kind words addressed to himself and members of his mission.

The entire Russian mission, headed by Witte, attended thanksgiving services celebrated in the Christ Episcopal church, both by American and Russian clergy.

Restoring the hotel one of the chief members of the Japanese mission said: "The treaty signed to day may be the most important historical feature of the twentieth century."

Butte, Mont., Sept. 5.—Over a hundred men at three this morning made a determined but unsuccessful attempt to lynch James F. Barner, who late Sunday night shot and killed Patrick Hanley, as the result of a slight argument. Hanley was one of the most popular miners in Butte. Lynch talk and threats are still rife.

FOR ATTEMPTED MURDER.

Chicago, Sept. 5.—Peter Ashten, a retired business man of Chicago, is a prisoner at Kenosha, Wis., charged with attempting to murder his son, John Peter, at the summer home of the family at Camp Lake Sunday night. The younger Ashten was stabbed twice and his condition is critical. A domestic quarrel is said to have led to the stabbing.

Helsingfors, Finland, Sept. 5.—A bomb was exploded at three this morning outside the headquarters of police. Nobody was hurt. Three persons concerned in the explosion escaped in the darkness.

INJUNCTION DENIED.

Denver, Sept. 5.—Judge Hallett to day denied the application of the United States government for an injunction to restrain the Denver, Northwestern & Pacific railroad from building through Gore canon. Government engineers had proposed to build a reservoir in the canon for the storage of water for irrigation.

New York, Sept. 5.—A sensational decline of 31 to 36 points in cotton futures followed the publication of the government crop report to day. The report showed the average condition of the crop to be 72.1 per cent, against 74.9 last month, and 84.1 last year.

GOOD NIGHT FOR PICKPOCKETS.

Peoria, Sept. 5.—While 700 people were fighting their way into the Main Street theatre Monday night, to see the vaudeville performance pickpockets went through the crowd. Touches so far reported to the police show losses in excess of \$300, and the authorities do not think that more than half were reported at headquarters.

FEVER CASES.

New Orleans, Sept. 5.—Report to 6 p. m. New cases, 32.

Total cases, 2,111.

Deaths to day, 2.

Total deaths, 291.

The impression which Monday's unexpected leap in new cases caused, gave way to a feeling of intense satisfaction when there was renewed evidence that the yellow fever here is almost under complete control and there is a sanguine feeling in business circles. Sensational statements appearing elsewhere that the sugar plantations of Louisiana are deserted, because they are unable to get labor planters will use their crops and that thousands of persons will be destitute are stated here to be absolutely without foundation.

A PECULIAR CASE.

Peoria, Sept. 5.—Who was the beautiful girl found sitting by the roadside near Alta yesterday carrying a stick of wood and crooning to it as she might have done to a baby. The girl was taken to the county jail, and then to the St. Francis hospital, where she still lies partially unconscious, whispering the word, "baby, baby." The authorities have as yet obtained no clue to her identity, but believe that she lives in Peoria, and that she is the victim of heavy drugs, either self administered or administered by some one else.

DAMAGED BY TORNADO.

Agua, Island of Guam, Sept. 5.—The Island of Sanipan, Marianne Islands, was badly damaged by a tornado Aug. 27. The United States supply steamer Sully and German gunboat Moewa have been dispatched to the assistance of the sufferers. There was no loss of life.

GREAT RACER FALLS DEAD

SADIEMAC THE FAST MARE NO MORE

The Hartford Course in the Grand Circuit Races Witnesses a Tragic Event—Made a Brilliant Effort to Hold Out

Hartford, Conn., Sept. 5.—The opening day of the Grand Circuit races at Charter Oak park ended in a tragedy, when Sadie Mae, the Canadian queen, dropped dead in the fourth heat of the \$1000 Charter Oak trot, the climax event of the meet. She fell about 200 yards from the finish when making a desperate effort to regain a lead which she gallantly held until rounding the last turn. Sadie Mae seemed to have lost her strength just at the period when her driver was urging her to do her best, but she was exhausted and dropping to the track, rolled over and died instantly. A veterinary attributed the death to a broken blood vessel.

The gallant mare had met her Waterloo, failing to take a single heat of the four that were run. It was apparent from the outset she was in the fastest company of her brilliant turf career and she held trying to save her laurels.

Angiola, Zephyr and Glenwood M. all proved too fast for her to day. Sadie Mae was a big favorite in the first heat, but finished only third. At the end of the first heat she broke badly and appeared laggard. Eight times the field had to score in this heat and Driver Blinson attributed Sadie Mae's defeat to the fact that she was too tired out by the time the world to go was given.

When the tragic climax came hundreds of men thronged on the track and when it was announced the great mare was dead all sorts of rumors spread through the crowd. It was at first hinted she had been drugged, but finally the word of the veterinary was accepted.

All finishes in the Charter Oak event were heartbreaking and the heavy condition of the track made it hard work for the horses. Darkness prevented the finish of the big event, after Angiola and Zephyr had each won two heats.

TOPS TRAIN; SAVES GIRL.

Bloomington, Sept. 5.—Engineer Abbott of the Chicago & Alton road is the hero of an accident at Lockport, in which he saved the life of Miss May Adams, a young woman of that city. While on his last run up the engineer saw Miss Adams from the window of the cab running from her home near the track, enveloped in flames, an explosion of gasoline causing the accident. The engineer ran to the assistance of the young lady and seizing some garments hanging on a clothes line, wrapped them around her, extinguishing the fire. It is believed that his prompt action saved the life of the girl. The passengers in the train were wondering what caused the delay. After assistance came to the victim the engineer withdrew and resumed the throttle. Not until after the train was gone was his identity known.

WHAT MINERS WANT.

Outline of Demands to be Made at the Forthcoming Convention.

Philadelphia, Sept. 5.—It can be stated on the highest authority that the convention of anthracite miners at Shamokin in December will make the following demands from the coal companies: Recognition of the miners' union, recognition to take the form of a signed agreement. Substitution of an eight-hour work day for nine-hour day awarded by the strike commission. Increase in pay, on minimum wages now paid to men and boys who are not contract miners, but generally classed as unskilled labor. "I feel like taking a bath in the surf," exclaimed James. He was told there was no train until daylight, and shouted: "Order me a locomotive. Make it a big one."

The special was provided at a cost of \$50. The exploit so excited J. M. Richards, a West Virginia mine owner who has been cutting a dash here spending \$50,000 in money, that by way of a counter attraction he procured a disassembled factory with the help of the twenty story roof garden of the Bellevue Stafford hotel and demanded that he have a special table on top of one of the towers. He was refused.

TARTARS RAIDING

The Whole Southwest Caucasus Overrun by Bands who Pillage and Murder

St. Petersburg, Sept. 5.—A dispatch from Tiflis says: "The whole southwest Caucasus is now terrorized by tartars. Refugees are pouring in here now from Baku, Elizabetopol and Shusha. Details from Shusha show that several engagements were fought between tartars and Armenians behind regular positions and that a considerable part of the town was soon in flames. According to official estimates more than 300 houses were destroyed."

Baku, Sept. 5.—Troops are acting with utmost vigor, but they have not succeeded in restoring order, although there is rather less firing. Armed rioters to day attacked the oil works at Balakhan and after a hot fight set fire to them. Tartar bands are scouring the country, murdering and pillaging. The country is in a state of wild panic and farms are being abandoned. Famine in many parts of the country renders the situation more terrible.

A reception to Commander King was given at the headquarters of the Woman's Relief corps previous to the campaign.

THE PASS EVIL

Governor Hanley of Indiana Declares It Unlawful for Any Public Official to Use a Pass

Richmond, Ind., Sept. 5.—Gov. J. Frank Hanley's address on "Patriotism of peace" was the feature of the closing day of the Richmond chautauqua. He said in part:

"I said that the dangers of peace were insidious. Let me show how insidious they are by giving example. Great corporate bodies of the country have undue influence in all legislation, state and national. The representatives of the people do not hesitate to accept valuable favors from corporations. You have power to stop this and stop it now. As governor of Indiana I thought I could do no greater service than to call attention to the scandal that comes each year out of railroad pass favors. I was told the railroad pass was not a bribe—that it was simply courtesy. I answered, it is strange that only those selected for these favors are in position of trust.

"No jury would be allowed to hear a case that had the favor of one of the litigants in its pocket. Men in representative capacities are of the same kind of clay as juries. I say it is unlawful to use a pass in Indiana by any public official, as some one builded better than he know in railroad commission bill. All I can do to enforce the law shall be done, but I cannot do this alone. I shall be helpless unless you stand with me."

HAD NARROW ESCAPE.

G. H. Cruzan was painfully injured Tuesday morning about 8 o'clock by a runaway team. Mr. Cruzan had brought a wagon load of scrap iron and other junk to the Reliable Iron and Metal company, which is situated at the corner of the West Lafayette avenue and North West street, and was engaged in unloading it when the team fell from the wagon and struck one of the horses. The animals made a straight dash out of the yards and across Lafayette avenue, when they struck a telephone pole, throwing Mr. Cruzan to the ground. The wagon passed over his shoulders. When the team hit the telephone pole one of the horses left his harness and went on a dead run up the street. The other horse was thrown to the ground by the jar of hitting the post and in attempting to get up in some manner broke a large plate glass in the front of Pine's saloon.

The injured man was cared for by Dr. Dole and Dr. Wakely. While no bones were broken, Mr. Cruzan was badly bruised about the head and shoulders. He was removed to his home on South Diamond street.

Three men complied, but the fourth fought the robbers and was shot. A man giving the name of Dods, who answered a description given one of the robbers, has been arrested.

Nora Camp, the latter's wife, was an important witness in a case against Allen for adultery last spring, and, being intoxicated, Allen, according to reports, sought to take revenge. Camp interfered and used a knife, cutting Allen quite severely. Allen drew a revolver and after snatching three times it was discharged, the bullet, splitting Camp's forehead open, glancing and striking his breast, rebounded and landed in his pocket.

SAD DEATH.

Benjamin Karana, an Italian, aged about 46 years, died suddenly at Girard Monday. The deceased had been a resident of this country but a short time. In order to save means with which to send for his family in his native land he had subsisted on a brown loaf of bread daily, denying himself a more substantial meal which the hard toll he engaged in necessitated. A few days ago he was taken sick, and a physician summoned found him suffering with cholera morbus, but after treatment had been administered the patient seemed to improve. Saturday, however, he grew worse and, before the physician could reach his bedside he expired. Prior to his sickness he had accumulated sufficient means to bring his wife over to this country and she had arrived a few days before his death. Two of his children are now enroute to this country.

PUBLIC PRINTER PALMER OUT

His Retirement Asked BY PRESIDENT

Rivalry in this Department Induces Action for Betterment of the Service—Ricketts May be Successor

Washington, Sept. 5.—Public Printer F. W. Palmer practically has been ousted from office. It was learned authoritatively to night that President Roosevelt had demanded Palmer's resignation, to take effect on the fifteenth instant.

The demand of the president for Palmer's resignation was due primarily to the latter's action in trying to force Oscar J. Ricketts, foreman of the printing and L. C. H. Hay, foreman of division, out of the government printing offices.

Palmer asked for resignations of Ricketts and Hay on the ground they had been insubordinate. The public printer formulated a series of charges against the two men. These charges, it is known, were forwarded to Oyster Bay. Inquiry into affairs of the printing office developed a condition detrimental to the government's interests. Nothing has been found to the disadvantage of Ricketts and Hay. As soon as the president learned of the situation that had developed, he directed Palmer to forward his resignation, to take effect in two weeks. With the incoming of Palmer's successor there is ample authority for the statement that as not been selected yet it is expected a thorough reorganization of the working force of the government printing office will take place. Among those men mentioned in connection with the office are Oscar J. Ricketts, whom Palmer sought to remove; H. T. Brin, chief clerk of the office; William S. Rosalter, chief clerk of census bureau; John Leach, public printer in the Philippines.

COMPARE PRICES.

Do you think living a trifle high in and around Jacksonville? If so you should visit almost any point between the Pacific coast and Kansas City. In the matter of fruit: In Salt Lake City, Glenwood Springs, Pueblo, Colorado Springs, Denver and other places tomatoes are from \$3 to \$3.50 a bushel, or two pounds for 15 cents; peaches, pears and grapes are generally 10 to 15 cents a pound; apples, 5 cents a pound; plums and other fruit in proportion. A melon which would be sold here at 10 to 15 cents, out there will command 40 to 50 cents; cantaloupes, 10 to 15 cents, and so on. At the restaurants an ear of green corn seldom costs less than 10 cents in addition to the regular bill of fare, while cucumbers and other vegetables are of the same range. The people say fruit and vegetables have suffered from blight and certainly the most has been made of the situation by the dealers.

FAIRBANKS PUZZLED.

An Indianapolis telegram says: "Joseph G. Cannon, speaker of the national House of Representatives, who has been on a visit to Senator Hemenway at Booneville since Friday, spent the day in conference with Mr. Hemenway and first district politicians, Congressman-elect Foster being among the number. No intimation as to the subject matter of the conference has been allowed to escape, though some of the friends of Vice President Fairbanks have been very industrious in their efforts to probe the secret. Somehow the feeling exists among them that the speaker's visit to Indiana at this time concerns the vice president's ambition to be the next nominee of his party for president, and they are anxious to know what the speaker's visit to Indiana means."

SPANISH WAR VETERANS.

The national organization of Spanish-American war veterans has had a stormy launching, and though the war closed in 1898, seven years ago, this organization is only now getting safely afloat. The principal difficulty has been the fact that there were two rival organizations formed, but since these have been welded into one, the organization promises to develop and expand until it becomes one of influence, and one which will be a source of satisfaction to its members.

Though the organization of United Spanish-American War Veterans will be small as compared with the Grand Army, it has a good work to perform, and a thorough organization by earnest co-operation with sincere purpose to perform so far as is possible similar service performed by the G. A. R., may do the country much good. Such organization deserves encouragement and co-operation. This city should co-operate with and encourage the organization of a strong local camp.

ROUTT COLLEGE

(Continued from Page Two.)

and order; a church that took the savage by the hand and led him from the dark land of barbarism into the light of civilization; a church that has sanctified marriage and preserved inviolate the sacredness of the home.

It was a Catholic archbishop who wrenched from the unwelcome hands of King John of England, (Magna Charta), the first great concession of the inalienable rights of liberty and freedom now recognized as the gift of a beneficent creator to all mankind; it was a Catholic in the colony of Maryland who first hurled defiance in the face of England and her Divine right of kings and proclaimed to the world the divine right of the people instead; it was a Catholic at the beginning of our struggle for independence, who said: "I care not what course others may take, but as for me, give me liberty or give me death;" the spirit of truth and conviction, breathed and burned in those immortal words, and drove millions of people onward to a great and patriotic purpose. It was such eloquence that caused a foundation to be laid, upon which this mighty republic, at all its power and grandeur, rests today.

Our continuous and glorious country between the two oceans became forth the brightest in the constellation of nations. In our marvelous growth we have reached that lofty elevation of wealth and strength, beyond which there seems no ascending steps.

Yet must be permitted to proffer this augury, that a time will come, albeit in the far distant future, when this proud republic will be again asked: "What canst thou give?" and the voice of the mother church will echo back: "What peace which the world cannot give."

What has Christian education done for civilization? Glance back for a moment through the corridors of time, centuries ago, and rest the eye on the monuments of ruined temples as they once stood in architectural splendor and grandeur, the broken ruins of early civilization, where the governing classes revelled in luxury and affluence, while the populace were huddled in hopeless serfdom, oppression and penury; at this was possible until the bright rays of Christian education and Christian civilization came let in, and caused these soul destroying institutions of iniquity to totter and crumble away.

Education is the bone and marrow of this republic; it is truly the hope of America. No nation can be great, no nation too magnificent, no effort too extravagant and no sacrifice too great when applied to the training of the young, and the intellectual development of the people. Education is a prize worthy of earnest effort and perseverance. As Herbert Spencer well said: "It is the world's sweetest joy from care and weariness, the turning of the future generations will view and judge us largely by those towering structures of education throughout the land, which shall ever remain as imperishable monuments to our fame and to our glory. I turn to the future in the confident hope that the graduates of coming years from this college of learning will acquire themselves worthily and nobly; that as long as the country and the college shall remain, and goodness will point hither with pride and satisfaction as their place of education; may no seeds of decay contaminate her growth and may she speed on her course triumphantly and majestically."

At the conclusion of the address of Mr. Keough the exercises were continued with a piano number, "Caprice Espagnol" (Moszkowski) by Mr. Vincente de Arrillaga, which was given an artistic rendition. The solo was greeted with hearty and deserved applause and an encore was given.

ADDRESS OF DEAN CROWE.

One of the principal features of the evening was the address of Very Rev. J. W. Crowe, rector of the Church of Our Savior, through whose energy, zeal, enthusiasm and determination of purpose Roult college was made a possibility. The school, while a monument to the philanthropy of generous donors, will ever be a monument to the executive genius of Father Crowe, who has labored in season and out for the success of the enterprise dear to his heart. As the distinguished orator of the evening wittingly remarked, if the inspiring scenes of the evening caused him to commit the sin of vanity he would not find any trouble in securing absolution.

As Father Crowe stepped to the front of the platform to begin his remarks it was an expectant audience that waited to hear him. The audience recognized in him the master mind that had planned the institution in its embryonic state and brought it through successive stages until it had reached its grand completion. Introductory to his remarks, which were forceful and to the point, Father Crowe read the following telegram from the Right Rev. James Ryan, bishop of the diocese of Alton:

"Very Rev. Dean Crowe: Sickmess compels me to forego the pleasure of being with you to day. Roult college with its splendid lesson of faith and knowledge hand in hand is a credit to the founders, the congregation and you worthy of the most cordial congratulations. The opening of its academic course sets the congregation of the Church of Our Savior in the very forefront of parochial education in the diocese."

"James Ryan, Bishop of Alton."

Continuing the speaker said:

"I can readily understand with what laudable pride and fervent anticipations the members of Our Savior's parish assemble to assist at this solemn ceremony which presages for you so much of genuine social happiness and religious culture in the near future. I thank the reverend clergy for honoring us with their presence to day. We are grateful beyond expression, not alone to Mr. and Mrs. William R. Roult and Harvey J. Roult, who have made this undertaking possible, but to those of slender means who have contributed their mite. I naturally feel a thrill of joy as I contemplate this work, the greatest of my life, now begun, and scan with pardonable pastoral pride the graceful outlines of the edifice which arises over this spot a magnificent contribution toward the development of our fair city a veritable temple of classic beauty dedicated to religion, literature and science. But it is not by the beauty of the material edifice that grace this site that you are to measure the significance of this ceremony; but to day has witnessed the planting of a seed which will in me spring up and blossom out into luxuriant foliage."

"Founded on the principle of Christianity a moral edifice will grace this parish and extend its influence beyond the confines thereof. It will give moral strength and beauty to society and that beauty and strength will be made manifest to all in the Christian lives of your sons and daughters, who will grow up as ornaments to society on earth and ripe fruit for the vintage of heaven. I shall make no effort to prove to you Catholics the necessity of Christian education for yourselves."

In referring to the faculty of the college, whose members have been heretofore published, mention was made of an additional member, Mr. Martin F. Mitchell, of Waterbury, Conn. Mr. Mitchell has taught at Seton Hall, N. J., and in New York city. He is a graduate of the Holy Cross college of Worcester, Mass. His subjects will be Latin, Greek and bookkeeping. Father Crowe also stated that a teacher in art and in elocution would be added in due time and that a full course would be offered in stenography and typewriting, and laying stress on the fact that in all branches of instruction the tuition would be absolutely free, making the school the only free Catholic college in the state, and the second one in the west.

Continuing, Father Crowe referred to the artisans who had taken part in the construction of the building and to the gifts from William R. Roult and Mrs. Roult, Harvey J. Roult and members of the Church of Our Savior. "This college has been made possible by the gift of the land on which it stands and \$15,000 by Mr. William R. Roult, \$10,000 from his son Harvey J. Roult, \$7,000 from the members of the Church of Our Savior, contributions voluntarily brought to me at my house. The college has cost about \$38,000 and it is dedicated practically free of debt; practically free, I say, because the few thousand dollars remaining have already been subscribed and have but to be collected. I am also glad to announce that I have had for the past few weeks \$6,000 as the nucleus of an endowment fund, and to night I am most happy to announce that the generous founder of the college has added another gift of \$50,000 to make possible an endowment fund."

At this point the speaker was interrupted with prolonged and sincere applause, and waited until the audience had been given an opportunity of showing its appreciation of the further beneficence of Mr. Roult.

In conclusion the speaker said: "Founded on Christian principles, a moral edifice will here arise which will not only bless this parish but extend far beyond its confines and along with the highest scholarship here will be taught man's duties and obligations to his Creator."

The exercises of the evening were brought to a close by a superb rendition of "Unfold, Ye Portals" (Gounod) by the choir of the church.

DESCRIPTION OF BUILDING.
Roult college is an imposing structure four stories high, located on East State street, just opposite the Church of Our Savior. The architect was H. J. Schlacks of Chicago. The material in all parts of the building is of the finest. The foundation and trimmings are of stone and the structure proper is of pressed brick. The contractor was John Wolke and the sub-contractors were John Sloan, masonry; Menke & Son of Quincy, stone work; John Gause, painting; Mathews & Co., plumbing and heating; G. A. Seiber, electric wiring and fixtures, and Fred Hubbsch, copper cornice and slate work.

The inside finish is oak with maple floors, side walls hard finish with bur-lap dado extending from the baseboard to a height of six feet. The building has twenty rooms, an assembly hall and the main auditorium, the latter having a seating capacity of 500.

The first floor or basement, is given up to toilet and bathrooms, engine room, locker rooms and gymnasium. The second and third stories are divided into recitation rooms. The library is on the second floor and is a spacious apartment well arranged, while the assembly hall is on the third floor. The main auditorium on the fourth floor is reached by stairways on each side of the building. The platform is in the south end of the hall and the seats are arranged on three sides of the rostrum. The fixtures have brackets for both gas and electricity and the equipment of the building is superb. It is admirably lighted and in every way splendidly adapted for the purposes for which it is intended.

The letters, "Roult College," stand out boldly across the front of the building, and on the corner stone, north face, is the inscription: "Dedicated 1904. Very Rev. J. W. Crowe, Rector." On the east face is the inscription:

"For Greater Glory Of God, Religion, Science, Culture."

MATRIMONIAL

BARBER-RANKIN.

At the home of Mr. and Mrs. H. B. Rankin, on West State street, Tuesday afternoon at 3:30 o'clock, occurred the wedding of Miss Emma Rankin to Clayton J. Barber of Springfield. Only immediate relatives and a few personal friends, numbering in all about thirty, were present at the ceremony. Every appointment for the wedding had been planned to be the most simple and informal and this rule was closely adhered to in every detail. Yet in all its simplicity there was beauty and impressiveness.

The color scheme in the house decorations was red and white and this effect was brought out tastefully with the use of red and white carnations, hydrangea, American beauty, and white roses.

The ceremony was performed in the back parlor beneath an arch of smilax placed at the entrance to the east alcove. At the appointed hour the prospective bride and groom stood under the green archway and Rev. Charles M. Brown, pastor of Westminster Presbyterian church, said in an impressive manner the words which made them man and wife.

Following hearty congratulations the guests were seated at small tables placed about the rooms and partook of the wedding supper.

The bride is the younger daughter of Mr. and Mrs. H. B. Rankin and comes from one of the well known and established families of this city. She is a young lady of prepossessing manner, accomplished and deservedly popular among her many friends. She graduated from the Jacksonville Female academy in 1899 and later went east to continue her studies at Smith college. The groom is the youngest son of Mrs. A. J. Barber of Springfield. He was a student at Illinois college in this city and graduated with the class of 1901. The next year he entered the Northwestern Law school at Chicago and graduated in 1904. He is a young man of high standing and ability. He was president of Phi Alpha society while in Illinois college and was a member of the college debating team on several occasions while in school here. At Northwestern he was awarded the prize for the highest scholarship, finishing his course there with the highest grades of any student that had ever graduated from that school, and his thorough application in his law practice has placed him among the leading young attorneys of Springfield, where he is now a member of the law firm of Barber & Barber.

Mr. and Mrs. Barber left on the evening train for Chicago and will take an eastern trip. They will be at home after Nov. 1st at 510 South Second street, Springfield.

Those from out of the city who attended the wedding were: Mrs. A. J. Barber and Mr. and Mrs. John A. Barber of Springfield; Mr. and Mrs. B. L. Barber, Miss Florence Barber and Miss Edith Lake of Cantrall; Mr. and Mrs. Alvin Council of Sherman; Mr. and Mrs. P. H. Rankin and Miss Florence Bell of Urbana.

Mr. and Mrs. H. B. Rankin expect to remove from Jacksonville, after thirteen years' residence here and will make their home in the future with their daughter in Springfield. They expect to remove from the city early in October and the many friends of the family here will regret to see them take their departure.

KADEN-ARENZ.

Mr. and Mrs. A. W. Arenz received a telegram Sunday evening announcing the marriage of their daughter, Aileen, to Mr. William Kaden of Chicago, at St. Joseph, Mich. The announcement was something of a surprise to the parents of the bride, for it was expected that the marriage would take place in the fall or winter, the date having not yet been set. Mrs. Kaden had been visiting friends in Chicago for the past two weeks.

The bride was born in this city

and spent her entire life here. She has always been very popular in a wide circle of friends and possesses a pleasant disposition which endeared her to all. She is also a vocalist of ability, having been heard with pleasure on many occasions.

Mr. Kaden also has many friends in this city. He is a traveling salesman in the employ of the dry goods house of Carson, Pirie, Scott & Co., of Chicago, and is known as a very worthy gentleman.

The friends of Mr. and Mrs. Kaden will unite in wishing them the greatest happiness in their married life.

CARTER-ROBERTSON.

Clarence Edmund Carter of this city and Miss Lillian Robertson of Roodhouse were married Tuesday evening at 7:30 o'clock at the residence of Hawes Yates on East State street, in the presence of the immediate families only, Rev. T. H. Marsh of the First Baptist church, officiating. Immediately after the ceremony they left on the Wabash train for the east and will be at home in Madison, Wis., where Mr. Carter will enter the University of Wisconsin, after Sept. 15th.

The bride is a charming young lady who, although her home has been in Roodhouse, has spent a great part of the time for the past several years in this city, where she has many friends. She is the daughter of Mrs. M. Robertson of Roodhouse, who was present at the wedding.

Mr. Carter is a son of E. R. Carter, residing west of the city, and is a young man of sterling worth who has already made a mark in the world. He is a graduate of Illinois college, and while in school represented his college in oratory, served as president of Phi Alpha and was in other ways honored by his fellows.

A crowd of Mr. Carter's former classmates gathered at the station to extend congratulations and best wishes.

NELSON-LOUGHARY.

Emil Nelson and Miss Adrienne Loughary, both of this city, were married Tuesday evening at 8 o'clock by Rev. R. F. Thrapp at his residence on West College avenue.

The bride is a trained nurse and until recently was engaged in work at Passavant hospital.

The groom has always made this city his home and is at present employed at the Weber grocery store, where he has been for the past six or seven years, and by his fair dealings and upright business methods has made many friends.

THE COHEN CASE

PRINCIPAL IS RELEASED FROM JAIL TUESDAY

Payment Made of \$53,900 in Cash and Security for \$2,058 Will Resume Business Here.

Jacob Cohen, bankrupt, was released from the Sangamon county jail Tuesday upon the payment of \$53,900 in cash and \$2,058 in security and the incident is the closing feature in one of the hardest fought legal battles that has taken place in the state. Mr. Cohen returned to this city immediately after his release, arriving on the 1:43 Wabash train, and at once took possession of the iron and junk plant formerly operated by himself and his son and will continue to conduct the business as heretofore under the name of J. Cohen & Son, merging the business of the A. Cohen Iron company with the former firm.

The complications and intricacies of this case have been recited in these columns from time to time and a review of the case is all that will be made at this time.

When Mr. Cohen was adjudged bankrupt one of the heaviest creditors was the Jacksonville National bank and through the settlement which was adjusted Tuesday not only claims of the bank, but all creditors had to be taken into consideration.

Steps were first taken to have Mr. Cohen declared a bankrupt on March 14. The first hearing before Judge Otis Humphrey, of the United States District court in Springfield, was held March 17, when Mr. Cohen was examined.

He was adjudged a bankrupt March 31. Evidence was taken in the case in this city, Chicago, Terre Haute, Ind., Danville, Muncie, Ind., and depositions taken in St. Louis, Boston and other places in the east. After the final evidence was all produced and the evidence in rebuttal was in the final order of the court, made on Aug. 3, directed Mr. Cohen to produce \$55,900, which it was declared was either in his possession or under his control. He was given until Aug. 8 to pay the money and in default was committed to Sangamon county jail for not complying with the order of the court. Mr. Cohen had been in jail from Aug. 8 to Sept. 5, the day of his release.

He states that through his brothers and other friends he has been able to raise the money which gave him his release. The following is a duplicate of the order entered in the case Tuesday.

And now on this day comes G. J. George, trustee in bankruptcy of the estate of Jacob Cohen, and reports to the court that the order entered herein on the third day of August, 1905, requiring the said Cohen to surrender to said George, trustee, the sum of fifty-five thousand nine hundred and fifty-eight dollars and nineteen cents (\$55,958.19), has been substantially complied with.

It is therefore ordered and adjudged that the said Cohen be purged of the contempt as found in said order of August 3rd, 1905, and the order of August 8, 1905 entered herein, and that he be, and is, hereby, discharged from imprisonment and from the custody of the marshal of this court.

The law firm of Worthington & Reeve have had charge of the case from its beginning and the conduct of the litigation is a distinct tribute to their professional ability and is so recognized by lawyers in many parts of the state, who are familiar with the details of the controversy. Mr. J. A. Bellatti appeared with Messrs. Worthington & Reeve at the hearing of Aug. 8. The attorneys who represented the Cohen interests are men of equal prominence in their profession and were Mark Myerstein, of Whitehall; Albert Sulzenstein, of Springfield; James M. Graham, of Springfield; William Brown, of this city and Louis Frank, of Chicago.

HORSES FELL.

The team of white horses driven to one of Cherry's carriages slipped and fell in front of Vlekery & Morgan's Tuesday afternoon about 5:30. Both horses were badly tangled in the harness and it took sometime before they were released and unhitched. One of the animals was made lame and was cut by the bits in the mouth. The occupants of the carriage were Mr. and Mrs. Clayton Barber, who had just been married and were on their way to the Alton depot. They sat through the ordeal with marked composure.

HIGH SOCIETY WON.

High Society, the race horse owned by A. D. and J. W. Arnold, won the 3:25 trot at the Griggsville fair Tuesday afternoon in straight heats. The best time was 2:28. O. C. Henry, A. D. Arnold, Harry Benson and Robert Mutch attended the races from this city.

BACK FROM THE WEST.

Misses Hattie Hayden, Jennie Grassly, Marie Finney, Nina Mahoney, Maud Packard and Mabel Berry and Mr. Carl Gordon have returned from an extended tour of the west, where they visited places of interest in Arizona, California, Oregon, Utah and Colorado.

CHICAGO'S THIRST.

If Oyanma's victorious army of

500,000 men could be given a treat
of all the beer that found its way
down Chicago throats in August,
each soldier would find himself the
owner of a barrel. On the other hand
if the battalions of Linevitch, which
number about the same force, could
be presented with the total increase
of beer consumed by thirsty Chicago-
ans this month over the same month
of last year, each trooper would find
he had over a tenth of a barrel to mix
with his vodka before he began the
homeward march.

And if the increased amount of
this government year ending June 30
last over that of the preceding year
was divided between the soldiers of
both armies, supposing them to be
1,000,000 altogether, every ten men
would have a barrel to help celebrate
the signing of the treaty.

The stamp tax on beer is \$1 a bar-
rel. In the month just closed the in-
ternal revenue office in the new fed-
eral building issued stamps for 463,
640 1/2 barrels.

In August of last year the revenue
office sold \$305,000 of beer stamps.
This represents an increase over last
August of 97,040 1/2 barrels. Now,
that much beer is sufficient to fur-
nish a complete flushing system for
Chicago's subway. Or it could have
been used for a lake with which to
supply novel amusement for some of
the aldermen from the beer-producing
wards, and it would have made one
of ample size.

What was responsible for the in-
crease of 67,040 1/2 barrels in the last
month over the preceding one of
1904? Chief Clerk Henmstreet of
the internal revenue department said
that according to their records he
believed it was due to the hot weath-
er, which has registered an average
considerably higher than that of
August of last year.

In July of last year the revenue
office issued stamps for 414,772 bar-
rels of Chicago beer. The number

RECEPTION TO PASTOR

Rev. and Mrs. Harley T. Marsh Are Honored by Members of First Baptist Church Congregation.

The members of the First Baptist church gave a reception in the parlors of the church Tuesday evening for Rev. and Mrs. T. H. Marsh. The reception was largely attended and the occasion was a most pleasant one for the newly married pastor and his wife, as well as for the members of the congregation.

In the receiving line were: Rev. and Mrs. T. H. Marsh, Mr. and Mrs. J. L. Shreve, Mr. and Mrs. J. P. Brown, Mr. and Mrs. George W. Dye and Mr. and Mrs. J. A. Obermeyer. The rooms were neatly and prettily decorated, the color scheme being red and green. From the center chandelier red streamers extended to the different corners of the room and a large quantity of asparagus fern and palms served to make the decorations unique. The reception hours were from 8 to 11, during which time delicate refreshments were served.

The reception was given by the young people of the church and the arrangements were made by the social committee of the Baptist Young People's union, consisting of Miss Carrie Spires, chairman; Mrs. H. M. VanArsdale, Mrs. A. S. Loving, and Misses Maude Nesmith and Ella Crawford.

Secretary—J. A. Obermeyer.

RAILROAD ITEMS OF INTEREST

The Alton officials are somewhat inclined to believe that the trouble with the Limited is due to improperly set brakes and that after these are loosened up, that the trains will not pull so hard. It has been found that the brake shoes are too close to the wheels and if they are set with a greater play, that there will be less difficulty in keeping on schedule. The cars of the new train are said to be but a trifle heavier than the old, not enough to create the added difficulty in making the time. It is likely that a helping engine will be coupled on regularly hereafter in order to get the train up Alton hill.

John Cherry shipped his big steam roller and concrete mixer to Petersburg Tuesday via the C. P. & St. L.

L. E. Selby, who has taken the position as local agent for the C. P. & St. L., will be checked-in by the auditor to day. Mr. Bradac, who is now agent, will be transferred to Petersburg and will be checked in Thursday.

C. E. Cornett, agent for the Alton, left Monday evening for Kansas City, where he will spend a few days before starting on his vacation trip to Portland and other western points.

The Burlington trains on the St. Louis division were run from White Hall over the Alton to this city and thence to Beardstown via Concord Tuesday, on account of the wreck at Winchester.

T. M. Straff, master carpenter of the Wabash, was in the city Tuesday on company business.

The work of building the platform on the north side of the new Wabash freight house for the purpose of unloading freight from the cars was begun Tuesday and will be rushed to completion.

FORGED CHECKS

Successful Swindle Worked by Unknown Party—Signed Name of George Acom of Markham to Bogus Paper.

A successful swindle was perpetrated recently upon two well known firms of this city by a person whose identity has not yet been established, and who is being sought by the persons interested. The swindle took the form of worthless checks, which were taken in payment for goods by Frankel & Co. and Hopper & Son. In each case the amount for which the check was written was several times as great as the value of the article purchased, the guilty party getting the difference in cash.

On Sept. 1st a man purchased at the Frankel store a pair of overalls and suspenders, offering in payment a check drawn on the Farrell bank, payable to one Marion Shrod and signed with the name of George Acom, for the sum of \$10. The check was accepted and when it was offered at the bank was refused, as Mr. Acom has no account at the bank mentioned.

Monday a similar check was offered at Hopper & Son's in payment for a \$1.25 pair of shoes. This check was for \$10.50 and was cashed.

Mr. Acom was notified of the occurrence and came to town Tuesday to investigate. He found the signatures to be forgeries of his name, and has no idea by whom they were perpetrated. He has in his employ a man named Marion Shrod, which accounts for that name being used on the check.

The perpetrator of the forgery is described as a man about 5 feet in height, clean shaven, round face, medium build, and wore a pair of blue pants.

STRANGER TAKEN ILL

James Caffrey of Havana Subject to Peculiar Sickness—Removed to Our Savior's Hospital.

James Caffrey, a well known and respected citizen of Havana, suffered a peculiar attack of illness in this city Tuesday that is something of a puzzle to his attending physicians. He was found on Washington street acting in a strange manner and was removed to Our Savior's hospital, where at last reports he was resting easily.

About 3 o'clock Tuesday afternoon Mr. Caffrey was observed by residents of East Washington street to be acting strangely, as though he was suffering from poisoning. He approached the residence of Mr. Fanning and when accosted asked that a doctor be summoned. Dr. H. C. Campbell responded and found the man to be suffering evidently from poisoning, the exact nature of which could not be ascertained with any degree of certainty. His condition was such that he was removed to the hospital for treatment.

Mr. Caffrey was unable to account for his condition. He was either on his way from Griggsville, or was bound for that city when he was stricken. He had in his pocket the returning portion of a round-trip ticket from Havana to Jacksonville.

The pupils of Miss Emma Meek gave a delightful piano recital Tuesday afternoon in the piano rooms of Tindale, Brown & Co. The program was as follows:

Jewel Biedermann
Misses Ruth and Marion Miller.

Miss Helen Butler.
Schmetterling Merkel
Miss Ethel Moskowitz.
